

ELKHART, INDIANA 46516 • MUNICIPAL BUILDING, 229 SO. SECOND STREET • (219) 294-5471

ELEANOR KESIM, Mayor
January 10, 198

MEMO TO ALL ELKHART MANUFACTURERS

FROM: Mayor Kesim

We are becoming more and more aware of the dangers of groundwater contamination and the serious threat that it poses to our community. It is necessary for all of us to be vigilant and to try to prevent contamination of this valuable and vital resource.

As you know, because of TCE contamination of Elkhart's North Main Street well field, the U.S. EPA has declared that Elkhart is on the Superfund National Priorities List of 418 hazardous waste sites across the country.

In light of these concerns, I have obtained a list of Indiana reclaimers, treatment and disposal facilities as well as liquid industrial waste haulers which is approved by the State Board of Health. This list is being mailed to all manufacturers in the City for their use in determining how to dispose of waste that might be hazardous.

I am encouraging all who use hazardous chemicals to be aware of their responsibility as good citizens to see that these chemicals are disposed of properly to protect the water supply of Elkhart. Your cooperation in this vital matter will be appreciated by all who use water in our City.

As Thomas Jefferson said, "People are inherently capable of making proper judgments when they are properly informed."

Eleanor J. Kesim
Eleanor J. Kesim, Mayor

INDIANA RECLAMERS, TREATMENT, DISPOSAL FACILITIES

AA Oil Company
2340 South Tibbs Avenue
P. O. Box 41271
Indianapolis, IN 46241
Contact: Kimball Morris
(317) 244-2895
